

8 REASONS WHY **TRADES RACK** IS SUPERIOR

- ① Rigid base frame.
- ② Minimal wind noise - Unique deflector.
- ③ Heavy duty mounting systems.
- ④ Sturdy side rails - easy to tie to.
- ⑤ Open front & rear for carrying long items.
- ⑥ Rust resistant, durable, electroplated finish with extra corrosion protection.
- ⑦ Bars close together for added strength & roof protection.
- ⑧ Trades racks are easier to load and more secure than roof bars alone.

ACCESSORIES

LADDER ROLLERS

Makes loading ladders and long items effortless.

LADDER STRAPS

The quick and easy way to secure your ladder. Comes with a 1.3 metre strap and rubber coated hook.

RATCHET STRAPS

The most secure & fastest way of tying down any load. Comes with either a 2 or 4 metre strap and rubber coated hooks.

PIPE CLAMPS & BAZOOKA TUBES

Used for storage of long lengths of conduit & PVC extrusions. Available in 100mm & 150mm dia. Bazooka tubes have reinforced end caps to prevent lengths piercing through when braking heavily.

MOUNTING TYPES

GUTTER MOUNT

Mounts to vehicle gutters, with protection strips above and below gutter to prevent damage to vehicle paintwork.

GUTTERLESS

Mounts to existing bolt points, provided in the vehicle roof. Very robust system.

TRACK MOUNT

Permanent tracks are fixed to the roof panel, providing a secure mounting base. Racks can be easily removed from tracks if required. Fully sealed against corrosion and leakage.

UTE BODY MOUNT

Mounts directly to the roof of your ute body. Rubber pads at mounting points protect paintwork.

Please check our fitting guide at the back of this brochure for a Trades Rack to fit your vehicle.
